**JEFFERSON COUNTY FLORIDA
AGRICULTURAL CLASSIFICATION INFORMATION**

Agricultural Owners

If you are a new agricultural business land owner, Congratulations and Thank You for choosing Jefferson County in which to operate your business. If you are an existing business owner, I wish you continued success and hope you find Jefferson County a friendly place to conduct business.

The agricultural classification is available to land that meets the requirements set forth under applicable statutes, rules and regulations.

Specifically, pursuant to Florida Statute 193.461 (3)(a) “*No lands shall be classified as agricultural lands unless a return is filed on or before **March 1st of each year**, and (3) (b)...only lands which are used primarily for bona fide agricultural purposes.*” Bona fide agricultural purposes” means good faith commercial agricultural use of land.

The agricultural classification is a benefit to property owners that results in a taxable value based upon agricultural use; this value is typically less than the parcel would be valued without the classification. Once granted, the parcel is valued pursuant to Section 193.461 (6)(a) Florida Statutes.

When property receiving an agricultural classification contains a residence under the same ownership, the portion of the property consisting of the residence and curtilage must be assessed separately to be entitled to the “Save Our Homes” assessment limitation, found in Florida Statute 193.461 (3)(d). Curtilage is typically defined as the land area around the residence.

All equipment owned as of January 1st that is used to obtain an agricultural classification or business purposes must be reported on a DOR-405 Tangible Personal Property Tax Return by April 1st.

If you can honestly answer “yes” on a majority of the questions on the reverse side of this page, you “may” qualify for the classification. A majority of “no” answers may indicate that you will not qualify or will need to use this year to prepare your property to apply the following year.

If you choose to apply for Agricultural Classification by March 1st, a completed copy of this questionnaire will need to be included with your application.

JEFFERSON COUNTY PROPERTY APPRAISER

Dear Agricultural Classification Applicant:

This is a reminder letter to **file your 2022 Tangible Personal Property (TPP) return by April 1st**. If you are the owner-operator or if your land is leased, the person or entity who owns the taxable TPP should complete the DR-405 listing your property as the “physical location” of the equipment. The filing of this annual return supports your claim to be operating as bona-fide commercial agricultural operation.

TPP includes all items used in connection with running a business, including but not limited to machinery, equipment, and tools and supplies used in connection with a business. TPP does NOT include real estate (i.e., land, buildings, and other improvements attached to the property that cannot ordinarily be removed should the property be sold. Household goods and furnishings, licensed vehicles and stock held for resale are also NOT TPP. **Filing this return on time allows you to also receive the \$25,000 exemption. If you do not file, you waive the right to this exemption and you may also be subject to a 25% penalty pursuant to Florida Statute 193.072.**

The furniture, office equipment and supplies in a farm building on a commercial agricultural property are also taxable as TPP, as is any leased farm equipment or machinery. For more detailed information, the Florida Department of Revenue has guidelines available for review online (starting at page 50) at: <https://floridarevenue.com/property/Documents/paguide.pdf>.

Livestock is NOT TPP, but items such as water troughs, gates, portable fencing, livestock supplies and stable implements are taxable as TPP items, as are the machinery, tools and equipment used to maintain the livestock, the land and the farm structures. On a horse farm, additional TPP items that may be present could include a set of practice jumps, or other training equipment; saddles, bridles, and other tack which belong to the operator and are used in connection with the business or breeding, boarding or training horses for riders.

For nurseries, row crops or grove operations. TPP includes water pumps and portable irrigation systems, portable greenhouses or shade houses, any machinery, tools and equipment used in connection with propagating, planting, growing or harvesting of plants or maintaining the land and supplies such as plant containers, ground covers, fertilizers, chemicals, etc. Plants or produce sold from trees or row crops are NOT TPP.

Your accountant may be able to assist you in this process. If you have any questions please contact Debbie Pauley at (850) 997-3356, email at dpauley@jeffersonpa.net or Angela Gray at angela.gray@jeffersonpa.net.

For each item, you must report your estimate of the current fair market value and condition of the item (good, average, poor). Enter all expensed items at original installed cost.
